What is AATSocial Media?

AATSocial Media is a social network that resides within AAT's website. It allows AAT to provide a social community for anyone interested in medical thermography. All you have to do is register to make an account.

STEP 1

Viewing the AATSocial Media Site

The Social Media Bar is always available at the top of AAT's website:

By clicking within the Social Media Bar, it will open the AATSocial Media site.

To close it, click the black "Close" button which is located on both the top and bottom right-hand corners of the Social Media Site:

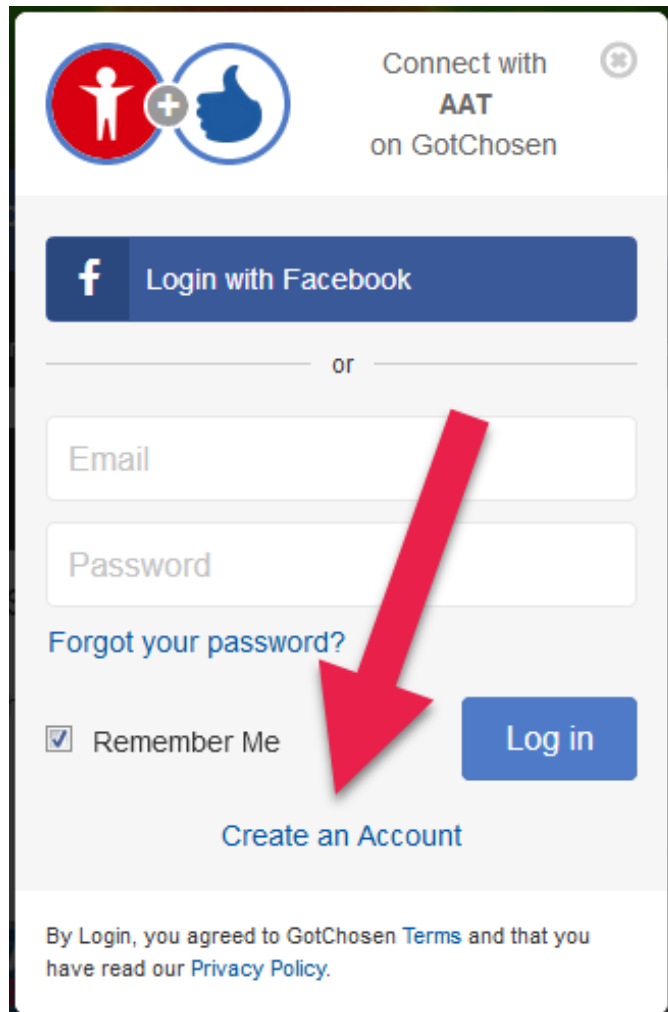

STEP 2

Registering

To be able to make social media posts, you must create an account. To create an account, click on the “user” icon at the top, right corner (you can also use the “Register” link in the left column):

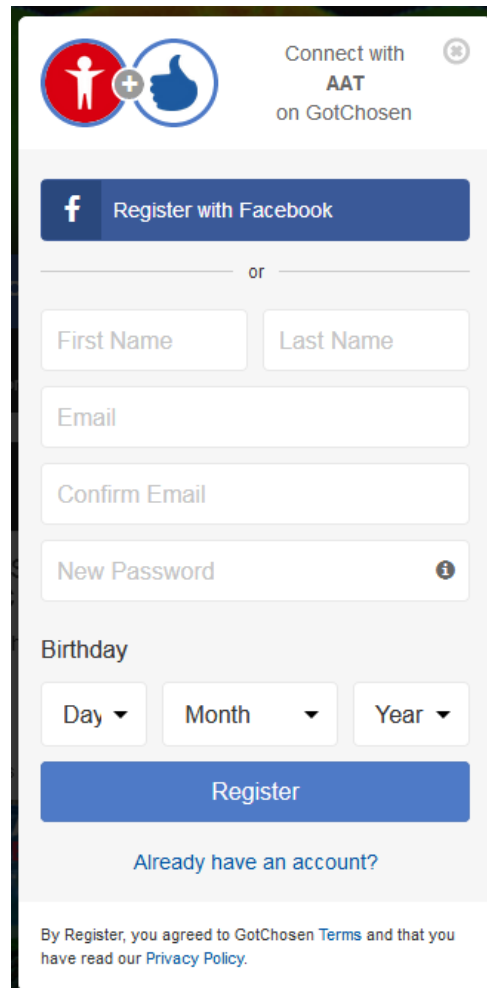

A popup window will appear with a login screen. Click on the “Create an Account” link:

STEP 2,
continued

Registering, Continued

The Popup will now change to a Registration form. Complete the form and set your own password. When done, click the blue Register button:

The screenshot shows a registration form with the following elements:

- Top header: "Connect with AAT on GotChosen" with a plus sign icon and a Facebook logo.
- Registration options: "Register with Facebook" button.
- Separator: "or" with a horizontal line.
- Input fields: "First Name", "Last Name", "Email", "Confirm Email", "New Password" (with a password strength indicator).
- Birthdate section: "Birthday" label and three dropdown menus for "Day", "Month", and "Year".
- Registration button: "Register" button.
- Link: "Already have an account?" link.
- Footer: "By Register, you agreed to GotChosen Terms and that you have read our Privacy Policy."

Some Pointers

You will be able to set your own password. In the future, you will use your email address and the password you set to log in. Note them down in case you forget later.

You can also use your Facebook account to register, and later you may use your Facebook login to log onto the AATSocial Media site.

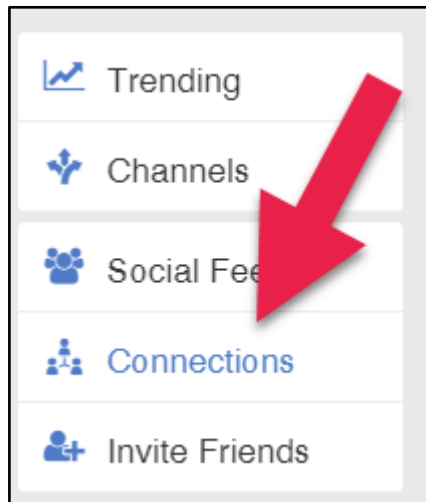

You will receive a confirmation email to the email address you provided. You must click on the confirmation link to complete your registration.

If you don't see the email, check your spam folder!

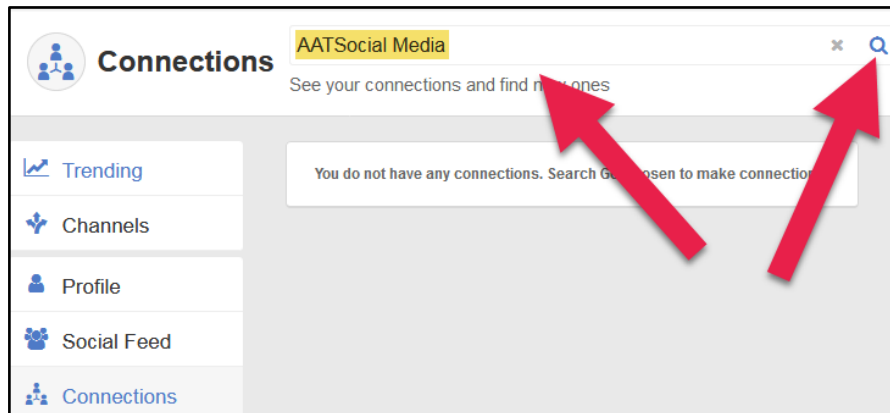

STEP 3

Make Connections!

To connect with others in the AATSocial Media circle, click the Connections button on the left side menu:

In the screen that opens, type **AATSocial Media** in the search bar and then click the Magnifier icon to search:

Some pointers

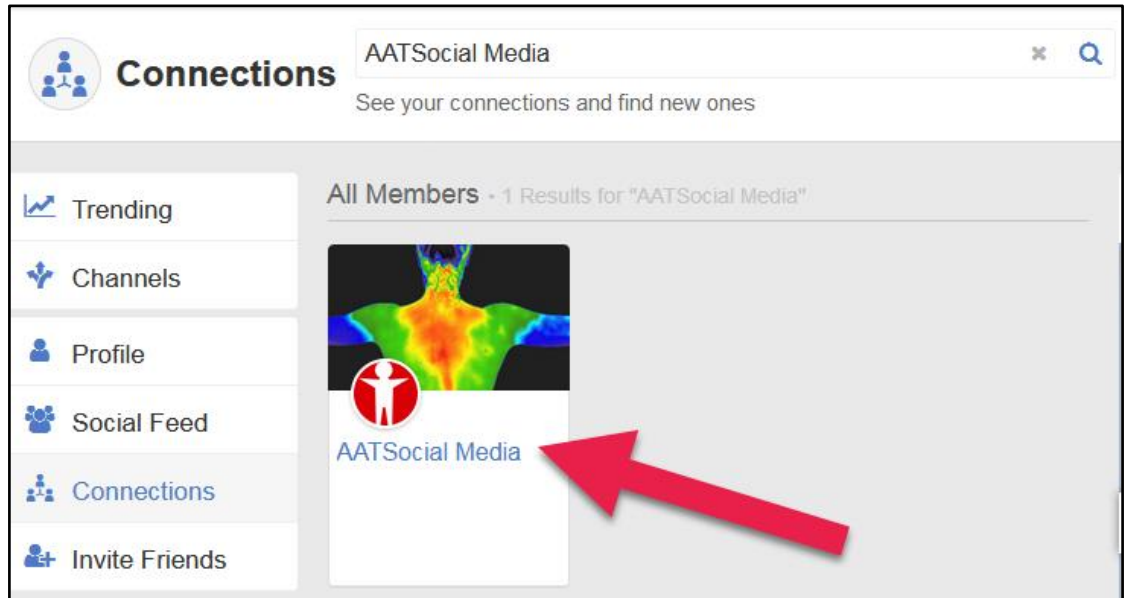

You can also search for friends that may be members of the network.

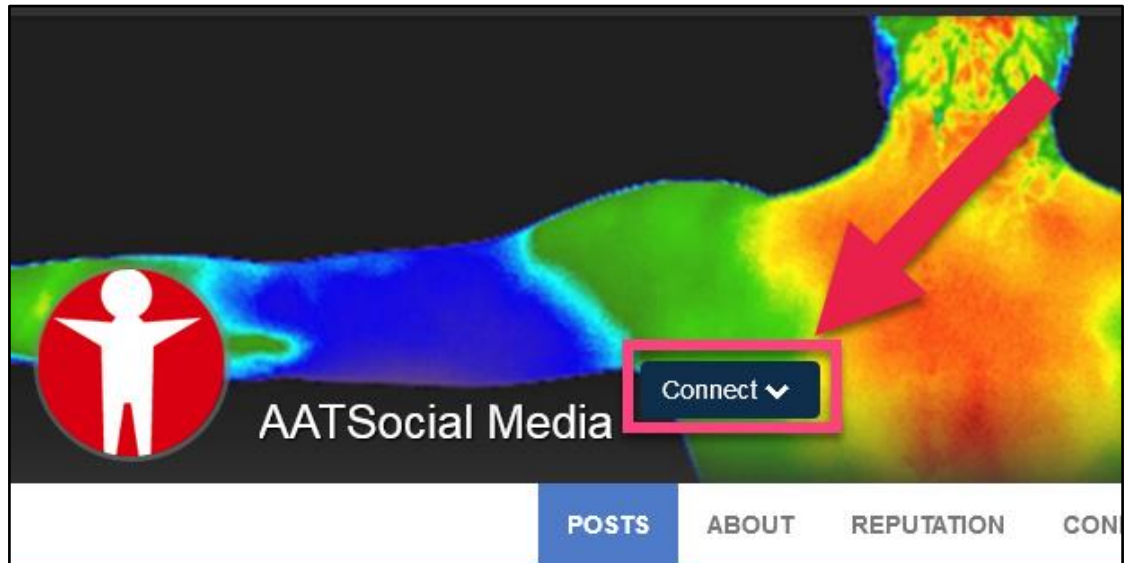

STEP 3, continued

Make Connections, continued

You will now see the AATSocial Media member badge. Click on it to open the AATSocial Media page:

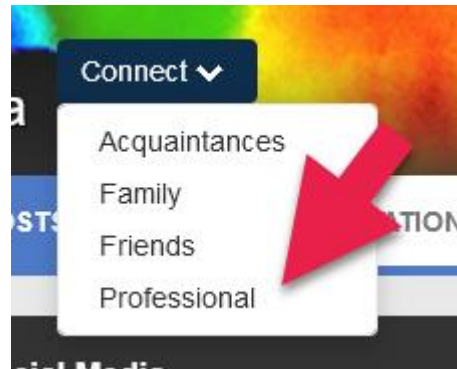

When the AATSocial Media member page opens, click on the "Connect" button in the cover image:

STEP 3, continued

Make Connections, continued

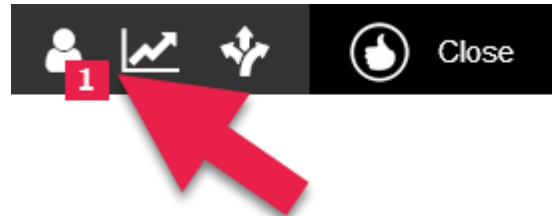

A dropdown will appear. Select the connection type (in most cases choose "Professional"):

Your connection request will be sent to AAT. Once AATSocial Media agrees to Connect with you a notification that you are now connected will be sent your personal page. You will know that has happened when a red box appears by the "User" icon in the top right corner of your page alerting you of the confirmation notification:*

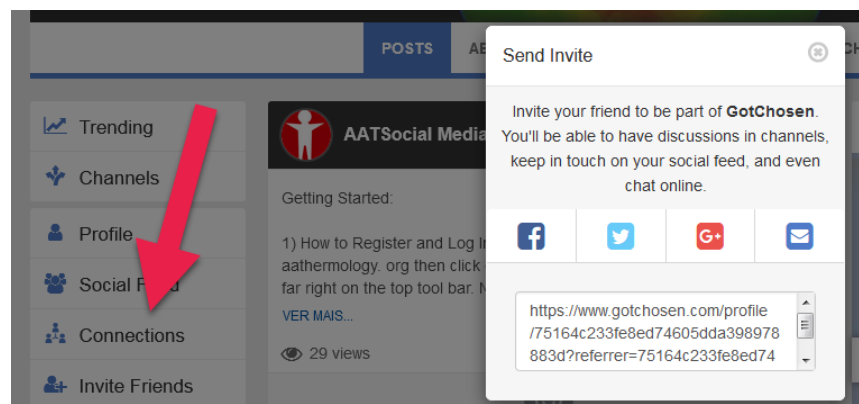

Some pointers

Others in the network can send Connection requests to you as well! You will see notifications about these invitations when the red box appears over the "User" icon. If you want to accept the invitations, click on the appropriate category and approve the connection!

*If for any reason you don't get this notification within a couple of days please send an Email to Membership@aathermology.org so that we may investigate the situation.

Don't forget you can also add as many other friends as you want by clicking on "Invite Friends" on the left tool bar:

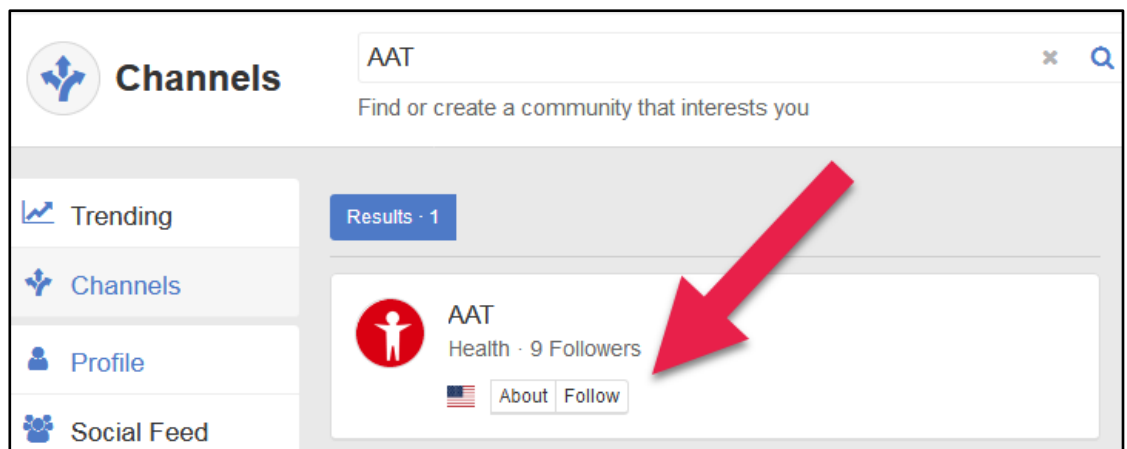

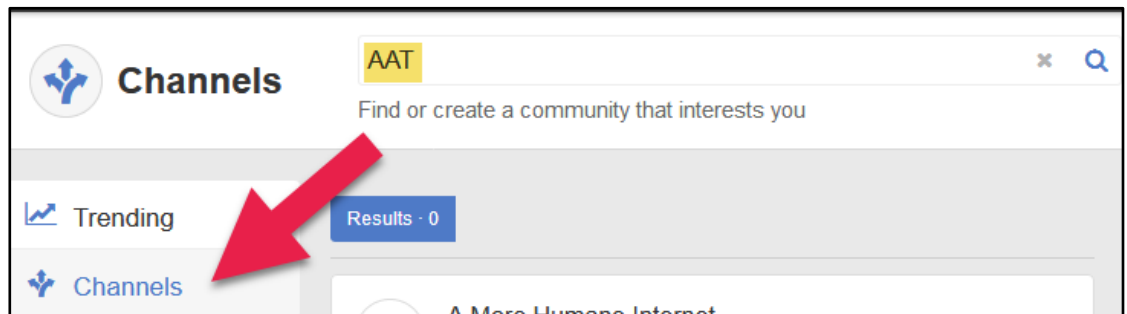

STEP 4

Follow The AAT Social Media Private Channel

Make sure to follow the AAT Private Channel by clicking on the “Channels” button in the left column. In the Search Bar that opens type **AAT** into the search field.

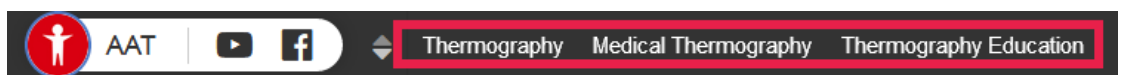

Click on the Magnify icon and AAT’s Channel will appear. Next Click the “Follow” button:

Depending on your interests, you might also want to follow these public channels:

- Thermography Education
- Thermography
- Medical Thermography

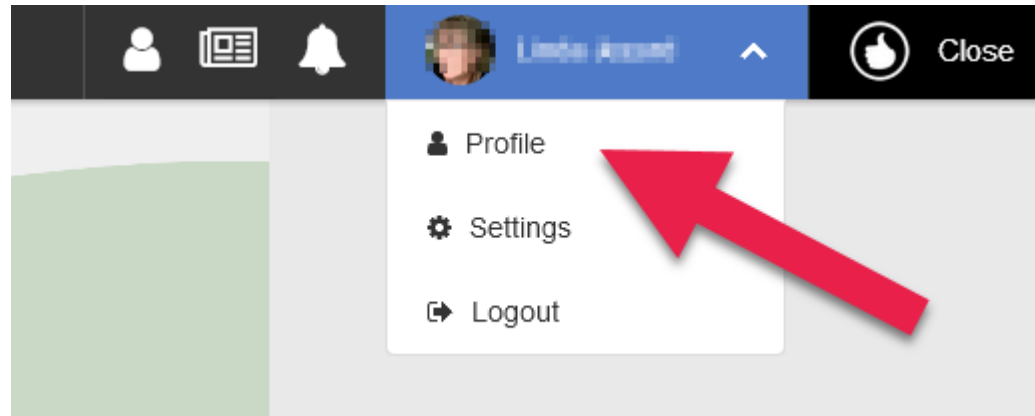

You can click on any of them in the top black toolbar to view the channels:

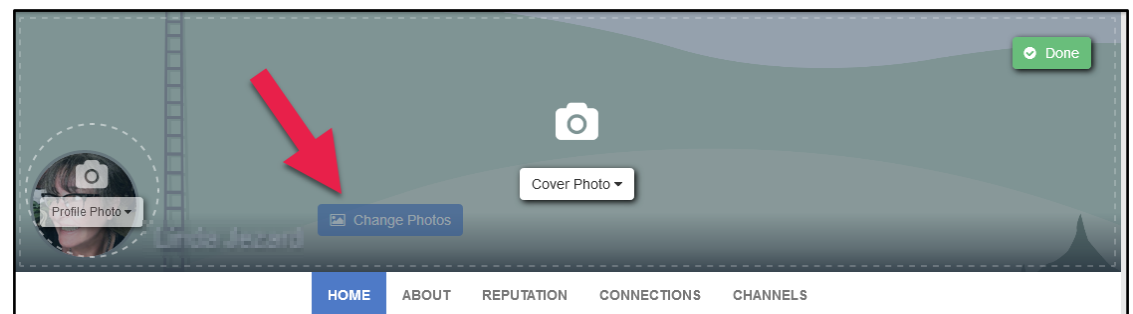

STEP 5

Personalize Your AATSocial Media Page

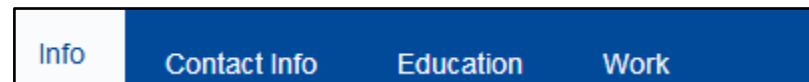

To personalize your account, click on the dropdown arrow, on the top right corner, to the right of your name and then click on “Profile”

Your profile page will now open. Click on the “Change Photos” button to upload your Profile Photo and Cover Photo:

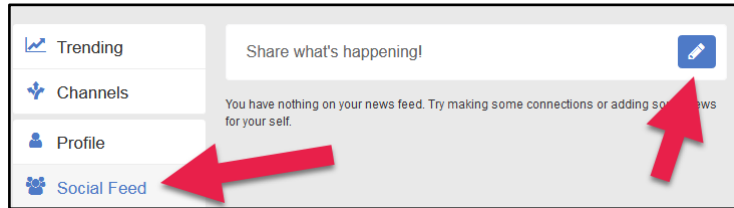

You can also click on the About button under the Cover Photo to enter any personal information you want to share:

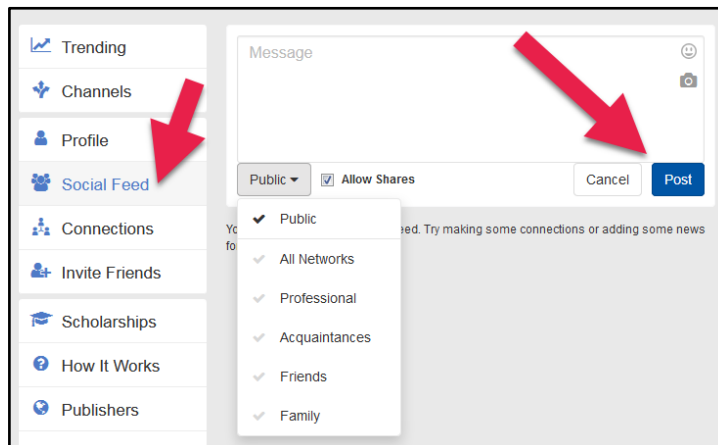

STEP 6

Post

To create a post, click on the “Social Feed” button on the left, and then the Pencil icon to write your post:

Write your post. You can add up to 10 images per post. Videos can be added by embedding a YouTube URL. Click the “Post” button when you are ready to share it. You can select the audience you want to share your post with by clicking the “Public” button and then making a selection from the drop down menu:

STEP 7

Log Out

To log out, click the dropdown arrow to the right of your name and then click the “Logout” button:
